### FULL LED HEADLIGHTS

The new-design full LED headlights will ensure you have all the visibility you need. The twilight sensor on the windscreen automatically turns on the low beam in low-light conditions. Cornering and bending functions improve the driver's visibility when turning.

A man with a beard and long hair is sitting on a bed in the cabin of an IVECO S-WAY motorhome. He is wearing a light-colored polo shirt and blue jeans, and is holding a tablet computer. The cabin is dimly lit, with a small lamp providing light. On the wall behind him, several framed photographs are displayed, showing a family and a dog. A coffee cup is on the floor next to the bed. The overall atmosphere is cozy and relaxed.

## A NEW WAY TO RELAX

Sit back and make yourself at home in the IVECO S-WAY.

Enjoy every moment of the journey, behind the wheel and in the cabin, with the fully redesigned interiors.

# PREMIUM DRIVING COMFORT

The entire driver area has been created to provide more space and excellent visibility. Every single detail has been carefully studied to meet the driver's expectations on the road.

## LOWER CONSOLE

## STEERING WHEEL

All the vehicle's key functions at your fingertips

Customise your seats with leather or fabric upholstery and enjoy the luxurious comfort of the cushions.

Choose the soft touch or leather steering wheel, both available in the classic shape or with the distinctive flat base.

## EVERYTHING IN ITS PLACE

The spacious new cab offers all the storage you need, with well laid-out capacious compartments. The shaped upper shelf has a massive capacity of 250 litres.

The lower console can hold a thick A4 folder.

Wide selection of refrigerators with capacities up to 100 litres and available with freezer.

The outer compartments offer a massive storage capacity of up to 380 litres.

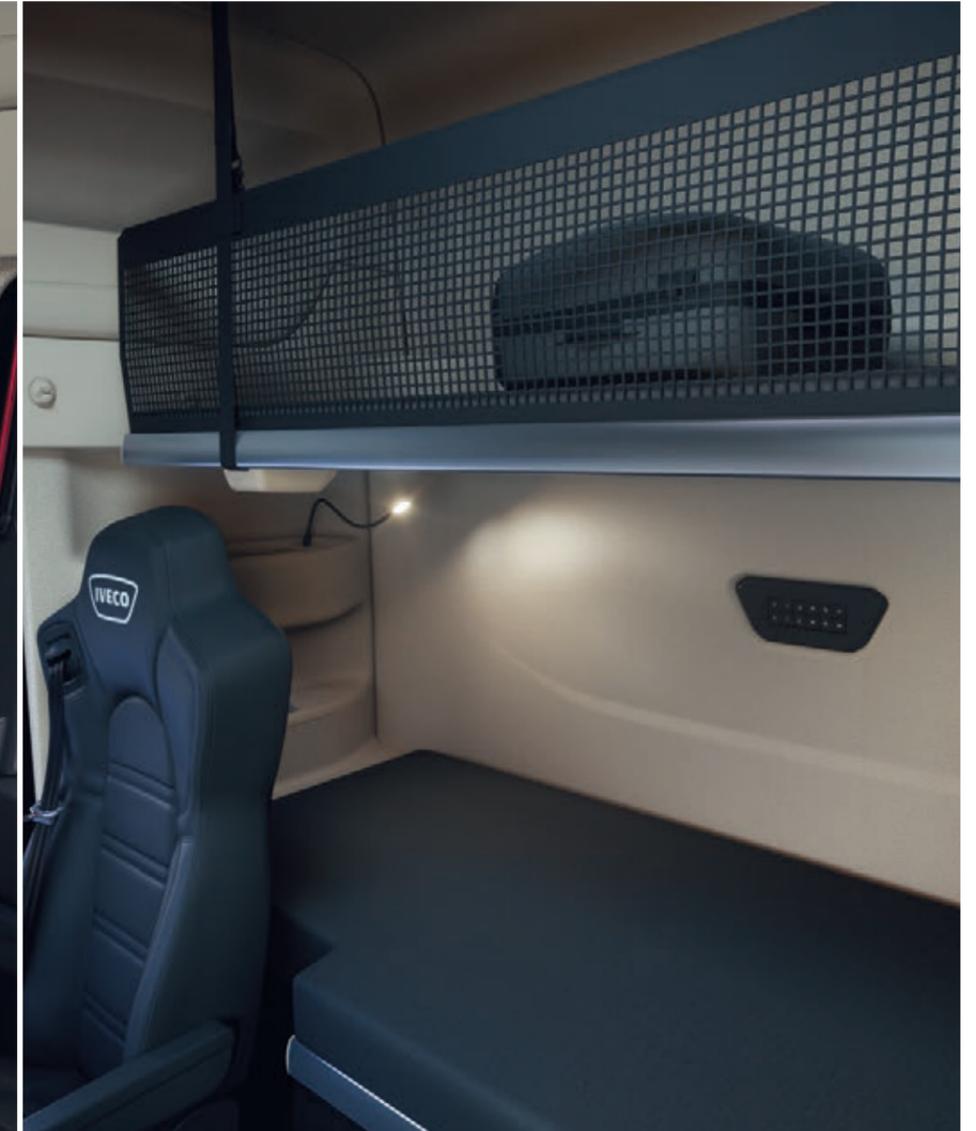

The new door pocket includes a 1.5-litre bottle holder.

## REST, RELAX AND SLEEP WELL

The symmetrical layout of the night area has been designed so you can enjoy a good night's rest in great comfort. The one-piece lower bunk offers a choice of soft or hard mattress.

Choose from the Smart or Comfort upper bunk, which can be used as a luggage compartment or a passenger bed.

You can sleep safe with the central locking system integrated with the night-time safety lock.

The rotary switch controls the light selection and dimming.

Two USB ports are located on the upper pockets of each wall.

You can control all the functions you need, such as lighting, heating, radio or doors, from the bed module and on the MYIVECO EasyWay App.

## LIT TO PERFECTION

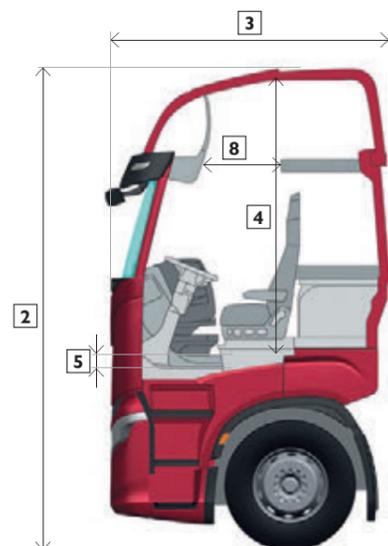

The IVECO S-WAY is 100% full LED - inside and out, including the clearance lights. The new LED lights provide the perfect illumination inside the cab and on the road for safe night-time driving.

# THE RIGHT CAB FOR EVERY MISSION

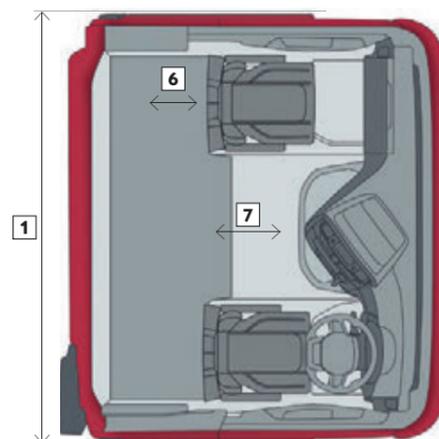

The IVECO S-WAY cab line-up offers a choice of cabs to match your mission: the **AS** sleeper cab, the **AT** sleeper cab with low or medium roof, and the **AD** short cab with low roof.

## RIGID VERSATILITY

The IVECO S-WAY offers a full range of rigids, in diesel and Natural Power versions, suitable for all missions – from municipal applications and deliveries to swap body. The robust and durable chassis makes it a favourite of bodybuilders for the ease and wide variety of possible builds.

## **A NEW WAY TO MOVE**

Lower costs for you, lower impact on the environment.

IVECO is the market leader with a full new line-up of natural power engines. Performance and sustainability together on the road.

# THE NATURAL WAY

The new IVECO S-WAY cab, teamed up with the most mature natural gas technology on the market, is the undisputed sustainable leader for long-haul transport.

## ECONOMIC SUSTAINABILITY

The natural way gives you the competitive advantage with a truly 'green' and profitable solution for long-distance transport with best-in-class Total Cost of Ownership.

## EFFICIENT ENVIRONMENTAL SUSTAINABILITY

IVECO S-WAY NP maximises the advantages of the most environmentally-friendly fuel to improve air quality, mitigate climate change and contribute to a quieter environment with just 71dB(A) Piek Quiet Truck when running in Silent Mode – ideal for night-time deliveries.

## NATURALLY LONG-DISTANCE

IVECO S-WAY NP is the first gas-fuelled truck in the market specifically designed for international long-haul transport with exceptional autonomy of up to 1600 km.
